I enjoyed this game and wished I could give something to the maker of Return. Then, I noticed the donationware DLC and thought, 'Wow, what a clever idea! All free games should have something like this!' So, here you go. Bravo, creators! It was a fun ride of a game! ^^ And hey, my fellow gamers, if you have one cent short of a buck laying around, give it to these guys if you enjoyed their game! Supporting small studios or Indies is great, because if they get enough support, they can make even greater games down the road! And are you up for more great games? I know I am! XD. Support independent artists!
